What is Mango?

Mango Languages is an online language-learning system teaching **actual conversation skills** for a wide variety of languages. Our online learning system is so easy to use, you'll see incredible results after just one lesson!

It's the easiest way to learn a foreign language!

Mango uses real-life situations and actual conversations to more effectively teach a new language. By listening to and repeating after material designed from native conversations, you'll not only learn the individual words and phrases, you'll know how they're used in practical situations and conversations. You'll learn more than grammar, vocabulary and conjugation, you'll learn how to communicate.

Designed for Absolute Simplicity.

Mango was designed by a mastermind team of linguists, teachers, software developers, human interface specialists, writers, voice talent and designers. By using Mango, you're learning a new language with the most cutting edge technologies available. The result is an elegant learning experience that's fun and easy. Current Federal customers include the *U.S. Coast Guard Academy Library* and several *Department of Defense Installations*.

Mango is Simple

Mango was designed to alleviate the complexity of learning a new language by introducing information in bite-size chunks.

Learn Anywhere

Because our system is completely web-based, you can learn anywhere you have an internet connection!

Start Speaking Immediately

Mango's conversational focus gets you speaking your new language from the very first lesson. This builds confidence and motivation.

Color Coding

You'll quickly understand the meaning of words and phrases in your new language with an intuitive color-coding system.

Self-Paced Learning

Learn your new language when and where you want. Mango is completely self-paced and will easily fit into your lifestyle.

Interactive Words and Phrases

Mango lets you click individual words and phrases to hear a native speak them. You can click as often as you wish.

Virtual Tutor

A professionally recorded Virtual Tutor guides you through each lesson, so you know what to do each step of the way.

Grammar and Culture Notes

Lesson notes help build your understanding of grammar concepts and cultural differences within the language you're studying.

High Quality Audio

Effortlessly learn how to pronounce words in your new language with high-quality recording from native speakers.

Pronunciation Help

Hover your mouse over a foreign word to see a convenient phonetic spelling. This helps you master your pronunciation.

Memory Building System

Quizzes are strategically placed throughout the lesson to ensure maximum retention and recall of the material.

Conversational Focus

Mango is more than just an interactive flash card application, it's a system for achieving remarkable conversational results.
